## Short Sermon On Expansion.

GABESBURG, ILL., July 25—Judge J. M. Longenecker, of Chicago, department commander of the Illinois G. A. R., created immense enthusiasm among a large audience of old soldiers on the occasion of the Knox County veterans reunion by his eloquent allusion to expansion. Others spoke, but Judge Longenecker alone carried the listeners away.

"Talk about keeping the American people back," he said, "you might as well try to tie a bulldog with a thread. Over there in China they are cutting off babies' heads because the people have said they would confine themselves within the walls. I am in favor of making every one come under our flag, and if they haven't got sense enough to come, make them come. Dewey did a great thing when he captured a land we had no idea of taking. But are we going to drop it now? No, let us not worry about the Philippines. Those who are encouraging the people against our soldiers there are doing just what those who stood for the rebellion did."

An eastern writer in an article on Kansas spoke of the "broad fields of buffalo grass swaying and waving in the wind like the waves of the ocean." Think of it—buffalo grass swaying and waving in the wind!—Capital.

Commander W. W. Martin has designated the Santa Fe railway as the official route to the National Encampment at Chicago, August 26 to September 1. All roads charge half fare. More old soldiers will go to encampment this year than ever before in the history of the state.

Governor Stanley spent the greater part of last week in western Kansas, making political speeches. He had good crowds, and heard of many changes from Bryan to McKinley.

"There is no doubt about the success of the Republican party in state and nation this year," the Governor said; "Here and there you find a disgruntled Republican politician, but the rank and file are standing firm, which means victory for us."

## GRAY COUNTY NEWS.

From the Cimarron Jack-oonian, Aug. 10.

—Drew Evans will be ready to contract to paint the town just as soon as his painting machine arrives.

—Harry Brice recently killed a large eagle in the sand hills which measured over seven feet from tip to tip of its wings.

—We understand that the Santa Fe company will put in a new well and water tank at this place before cold weather sets in.

—J. A. Evans has ordered a painting machine similar to those used by the Santa Fe company, except that it is operated by hand instead of steam power.

—There are some reformers in Cimarron who ought to sweep their own doorways clean before starting out to probe the wickedness of others.

—A shipment of two gallons of whiskey was received here Monday and as a result there were several full-grown jugs and a row which almost terminated in the breaking up of a happy home.

—The much-married Mrs. Ward, of Ford county, was in Cimarron Wednesday. She says the report of her arrest for bigamy and forgery is untrue, and threatens to lick the editor of the GLOBE-REPUBLICAN if he doesn't quit abusing her.

We will give \$10,000 for a case of Habitual Constipation or Biliousness that will not yield to the Gatlin's Anti-Bilious Compound, the greatest liver regulator on the market. Large boxes 25 cts. For sale by all druggists.

## AT THE DOOR OF BRYANISM.

An American Soldier Upbraids Disloyal Political Agitators.

Carbondale, Ill., August 11.—A letter was this morning received from Lieut. Oliver P. Robinson, of this city, a former Democrat and officer of the 40th United States Infantry, doing duty in the Island of Mindanao, that throws much light on the present political contest. The letter was to a relative, also a Democrat, and brings out very accurately conditions that are apparently to be greatly regretted. Extracts from the letter are as follows:

"In regard to the Philippines, many a poor fellow with a gun on his shoulder owes his death to the clamoring politicians at home. If they would only close their faces for a little while we would soon put a quietus to this Philippine army. Do you know that in two days after Senator Pettigrew delivered his speech in the United States Senate a copy of it was found translated in one of the insurgent camps, and the people at home, although they call us murderers, are themselves indirectly the slayers of our boys who are killed by Filipino bullets. It is by such talk as that of Senator Pettigrew that the negroes here are kept encouraged."

"It is too bad that we are made to suffer at the hands of our own fellow citizens in the states, but we must grin and bear it as best we can. But when we get back to the states, we will then have a little bit to say concerning some of the patriots at home."

The letter from which the above are extracts was dated at Iligan, Mindanao, P. I.
